

# NY ABLE Presentation

with the NYS Comptroller's Office

The **Achieving Better Life Experiences** (ABLE) Account program is a powerful tool for individuals with disabilities and their families.

Eligibility for certain services and supports are often bound by resource limits for individuals with disabilities. An ABLE account allows individuals and their families to save beyond those resource limits, promoting access to a more independent life.

We encourage every person interested in learning more to attend one of our three presentations.
