SPEAK IN ONE VOICE

Parent and Caregiver Advocacy, Networking, and Leadership

The Parent Empowerment Program (PEP) at Taconic Resources for Independence, Inc. provides resources to families of children and young adults with disabilities. Our mission is to empower parents and caregivers to become **advocates, organizers, and leaders** in their school district communities. Through workshops, advocacy training, technical assistance, and collaborative action plans, the PEP delivers the necessary tools for individuals to come together and **Speak In One Voice** about major systemic issues in special education and advocate for change as an **informed, unified, and empowered** collective.

What to expect from the program:

Learn: Join us for in-person and virtual workshops on networking and communication, peer advocacy, community leadership, online/social media management, and more!

Connect: Discuss the most pressing issues in your district, get support from other parents and caregivers, and advocate with your community in one voice.

Take Action: Systems change happens when we *Speak In One Voice*. Our goal is to give YOU the tools to organize, advocate, and create change as a unified force.
